

Santa Perpetua Moguda, 20 December 2018

Dear Sirs

The Spanish Quality certification entity, AENOR, certifies that our organization Espiroflex fulfils the requirements of the quality norm ISO 9001:2015 for the design and manufacturing of flexible pipes in plastic and aluminium. All our products are manufacturing according with this quality system management norm, and also with the international quality norm that applies for each product, that in the case of our "*Espiro PU Antiestatico*" product is:

- **ISO 1307** Rubber and plastics hoses -- Hose sizes, minimum and maximum inside diameters, and tolerances on cut-to-length hoses

We appreciate the confidence you place in our products and I remain at your disposal for further questions or comments

Yours faithfully

Javier Narváez
Quality Manager
