EPDM

Manticore Aqua

- Quality: EPDM
- Colour: Black
- Min. temperature: -30°C
- Max. temperature: 120°C
- Specific gravity: 1,15 grs/cm³
- Hardness: 70 Shore A +/- 5
- Tensile strength: 11.5 MPa
- Elongation at break: 370%
- Article code: EP70110W

Features: Potable water rubber sheet, according to different European standards.
Cerificates available on request.

Application: Water fitting parts e.g., gaskets, membranes, washers that are used in contact with drinking water.

Thickness (mm)	Width (mm)	Length (mm)	Article code	Rolls per pallet
2	1.400	10.000	EP70110W 2/0	30
3	1.400	10.000	EP70110W 3/0	25
4	1.400	10.000	EP70110W 4/0	16
5	1.400	10.000	EP70110W 5/0	16
