

STAHLCON GMBH

VERTRIEB VON EINBAUELEMENTEN FÜR TECHNISCHE ANLAGEN

FDA-Certificate 2022

This certificate is valid for all **STAHLCON Clamp-gaskets** made of:
EPDM, Silicone, FKM (Viton®), NBR, PTFE, PTFE-enveloped, Gylon BioPro,
FEP/FKM (Viton®)-envelopped.

This is to certify that all our gaskets made of the above mentioned materials as:
EPDM, Silicone, FKM and NBR conform to the Food and Drug Administration (FDA) regulations
as set out in **21 CFR § 177.2600** „Rubber articles intended for repeated use“.

The PTFE, PTFE-enveloped und Gylon BioPro gaskets conform to **21CFR § 177.1550** (FDA).

ADI – All gaskets were free of animal derivations (**BSE/TSE**)

The gaskets contain **no Bisphenol A**

In addition the gaskets correlate with the following EU-regulations:

RoHS (2011/863/EU)
RoHS (2011/65/EU)
REACH EU 1907/2006 (SVHC frei)
EG VO 1935/2004
2023/2006 (EC)
DEHP (Phthalate) frei

It remains the customer's sole responsibility to assess the final suitability.
